- **2014 Audit- Wiss & Company- presented by Scott Clelland, Wiss and Company**
- **Has served as Auditor for 3 years and this has been the smoothest audit ever and very good audit results. Pleased that this was the second consecutive Audit filed on time by June 30th many audits throughout the State have not even been filed yet.**
- **Thanked Mr. Dacey and Mr. Amorino and their staffs for all of their assistance.**
- **Proud that Englewood has received an unmodified opinion after all of the testing of account balances, which is what Moody's and the other agencies look at audit reports when setting bond ratings and which is the highest opinion one can receive, and this is the second year in row that Englewood has received an unmodified opinion.**
- **Pleased to announce that Englewood is in very good shape financially there are municipalities out there that are struggling, good financial fund balance which at the end of 2014 the City was \$6.6 million dollars of which \$4.3 million dollars was used in 2015 to offset taxes. This is down \$400,000 from last year but is still a very good balance.**
- **Tax collection rate has increased from 99.43% to 99.84%, which is also a very good sign.**
- **As part of the audit they test internal controls and transactions, the number of the comments has continued to decrease and the City received only 4 comments in the 2014 audit and they were all minor housekeeping issues.**

ORDINANCE #15-09

AN ORDINANCE AUTHORIZING SALE OF LAND WITHOUT PUBLIC AUCTION

WHEREAS, N.J.S.A. 40A:12-13(b) (5) authorizes a private sale of certain lands owned by a municipality where such lands are less than the minimum size required for development, and

WHEREAS, such sale opportunity is limited to the owners of property contiguous to the subject property, and

WHEREAS, the Governing Body has determined that a portion of Lot 1.02 Block 2220 meets the statutory criteria, and

WHEREAS, the Governing Body has determined that the sale of said land meets the statutory criteria of N.J.S.A. 40A:12-13(b) (5), that said land is not needed for public purposes, and

WHEREAS, the sale of such land is in the best interests of the City of Englewood,

NOW, THEREFORE, BE IT ORDAINED by the Governing Body of the City of Englewood as follows:

1. The Governing Body of the City of Englewood shall offer a portion of the land known as Block 2220, Lot 1.02 in the City of Englewood, as to the owners of the contiguous properties, as shown on the Borough Tax Records, for the minimum price of \$20,000 plus the \$1,500 cost of Appraisal. To the extent that the subject property is required to be subdivided, that shall be at the sole cost of the purchaser.

2. The sale shall be (limited to the contiguous owners) submitting the highest bid equal to or in excess of the listed price. The terms of the sale shall be that the City shall deliver marketable title, with closing to occur within sixty (60) days of the awarded bid.

BE IT FURTHER ORDAINED that the Governing Body finds and determines, in accordance with N.J.S.A. 40A:12-13(b) (5) that the minimum purchase price for this property in its setting and as the future use of the property is limited by this Ordinance and is equal to or greater than the fair market value of the subject property based upon appraisals of similar properties and tax assessment practices within the City.

The Governing Body retains the right, as mandated by statute, to reconsider this Ordinance not later than 30 days from the date hereof.

A copy of this Ordinance shall be posted on the bulletin board of the Governing Body and published in the official newspaper of the City of Englewood within five days following the adoption hereof.

As a condition of sale, the successful bidder shall submit a survey, to be approved by the City Engineer, within 30 days of acceptance of the bid by the City of Englewood. The cost of the survey shall be the sole responsibility of the purchaser.

A further condition of the sale shall be that the purchaser shall file with the County by deed or survey, and that filing costs be the sole responsibility of the purchaser.

Public Hearing on Ordinance #15-09:

- Horace Ragbir 51 W. Hamilton Avenue:
 - What is the benefit to the taxpayers of selling this piece of land?
 - Commented on the assessed value of \$20,000 and feels it should be \$25,000 based upon his square footage formula and current market value.
 - Mr. Bailey said that this piece of land is approximately 4 feet wide x 200 feet deep and that the City has a well recognized and certified appraiser and that you cannot do an appraisal based upon a property record card.
 - Why wasn't this piece of land listed on the City's registry of vacant land? Mr. Bailey explained that the City thought it belonged to the adjacent property owner because the property was treated as a hostile takeover by the prior owner.
 - Mr. Dacey explained that there is no access to the land from Denning Park due to the trees and fencing placed there by the prior property owner. The only access is through the private property and on which a business is located and it has been concreted over about 30 years ago.
 - Asked why City is selling the land without a public auction as they did on Genesee Avenue. Mr. Bailey explained that the State allows such sales to adjacent property owners only.
 - Asked if City can make it part of the park. Mr. Dacey explained no, because the City would have to buy the existing business which is on private property, put them out of business and knock the building down.
 - Councilwoman Algrant explained that the only way to access this property is to traverse through the rear of the private property and it is an orphan lot and that is probably why the former property owner fenced it in 30 years ago. It is more beneficial for the City to sell the land and collect taxes on it. It is being offered to adjacent property owner at what the City Appraiser has deemed a fair price.
- Curtis Caviness 41 E. Forest Avenue:
 - Stated that he has a unique vantage point regarding this property because of his long history with the City, and how it was given to the prior owner. Not accessible to the park because it was given to the prior property owner who then put up a fence. Not an orphan lot. Concerned that the City of Englewood is giving away a portion of a park and that if you look at the Master Plan the City is doing the same thing in regard to Mackay Park at Elmore Avenue. That 91 Elmore Avenue was part of the park when he was a child and now it has been fenced in and is a buildable lot.
 - Commented that the City is preserving open space in other Wards but not in his Ward. The City needs to research the original deed and see what was done there. Feels that the City allows benign neglect of parks and buildings such as the Library and then says it has to develop them.
- Elle Kelly 350 Shepard Avenue:
 - He is opposed to the selling of this land because the City of Englewood is becoming very built up and needs every piece of land, the property is not underutilized. The Council should build a preschool on the land because Quarles School is overgrown with trailers. Could also be used for emergency snow and tree removal. Take down the fence and use the land.
- Crystal Brown 328 Howell Road:
 - Wants to underscore what everyone previously said. Just because the City can do it does not mean it should do it. The land should remain open space and part of the park and should be restored. Wants the City to reconsider and do the right thing.

Public Hearings - Bergen County Open Space Grant applications:

- Flat Rock Brook Public Entrance Improvement Project
 - Presented by Kathleen Silberstein, President and Cynthia Sumner, Trustee- Flat Rock Brook Nature Center.
 - Spoke about the five (5) entrances into Flat Rock Brook Nature Center:
 - Van Nostrand
 - Jones Road
 - Cumberland/Middlesex
 - Adele/ Cape May
 - Summit
 - Has received complaints regarding rugged look of the entrance at Jones Road for both aesthetic and safety reasons such as being able to close off entrance in an emergency such as Hurricane Sandy.
 - Seeking a matching grant from the County of Bergen.
 - Will build on existing look there such as instituting native plants and will continue the spilt rail fencing.

- Showed plans to the public of plantings and design. Most of the work will be done by volunteers but will bring in pros for fencing.
- Councilwoman Algrant asked if they are starting at Jones Road because it is most heavily used. Kathy said that is correct and future plans include all 4 of the remaining entrances as well.
- Public Hearing:
 - Curtis Caviness 41 E. Forest Avenue:
 - Agrees with the concept of keeping the entrances and also goes along with keeping entrances at Mackay Park. Grew up when it was Allison Park. Needs to remember beauty of then town and keep it up.
 - Question is that in reading the Bergen County Open Space Historical Trust Fund online if you have not completed prior projects then you received money for then you are not eligible to apply for additional funds, cited lack of amphitheater in Depot Square Park (\$166,000).
- Municipal Park Improvements:
 - Presented by Peter Blanos, Millennium Strategies.
 - Mr. Dacey said that he has been working with Frantz Volcy and Merle Simons on this year's application.
 - Application is for Artus Park, a pocket park located at S. Dean and Linden. The City is looking to resurface the basketball court, install new hoops, new benches and waste receptacles. The playground equipment that is currently there is in good condition.
- Public Hearing:
 - Curtis Caviness 41 E. Forest Avenue:
 - Stated that the park is located behind Forest Park Garden apartment complex. Said there is no public parking there so how can the park be accessed by the public and signage is needed as well.
 - Agrees that it is a great idea to upgrade the park.

Public Comment on Agenda Items:

- No one from the Public came forward to speak.

Mr. Dacey introduced the new Director of Public Works, Carl Rossi and Mr. Rossi thanked the Mayor and Council and spoke about his background and experience.
