§ 410-1 Definitions:

A. As used in this chapter, the following terms shall have the meanings indicated:

BASIC TOWING SERVICE – The removal and transportation of an automobile or solid debris resulting from an accident, motor vehicle crash, or otherwise from a highway, street or other public or private road, or a parking area, or from a storage facility, and other services normally incident thereto, but does not include recovery of an automobile from a position beyond the right-of-way or berm, or from being impaled upon any other object within the right-of-way or berm.

This includes all situations which are accidental as to the owner or operator of the motor vehicle even if they were caused by the intentional acts of a perpetrator where the perpetrator was not the owner of the motor vehicle.

OFFICIAL TOWERS – Entities which:

- (1) Own or operate tow vehicles; and
- (2) Have been designated as official towers pursuant to this chapter.

OUTSIDE SECURED – An automobile storage facility that is not indoors and is secured by a fence, wall or other man-made barrier. The facility is to be lighted at night.

TOW VEHICLES BASE OF SERVICE – The towing operator’s principal place of business where the tow vehicle is stationed when not in use.

§ 410-2 Appointment of Official Towers.

- A. The governing body of the City of Englewood shall appoint companies meeting the criteria set forth in this chapter and engaged in the business or offering the services of a motor vehicle towing or wrecker service, whereby damaged, disabled or impounded motor vehicles are towed or otherwise removed from the place where they are damaged or disabled, by use of a tow vehicle, as defined in this chapter. Such persons or companies shall be known as “official towers”.
- B. After January 1, 2017, all new “official towers” are required to have their primary business address and center of operation, along with their primary storage area, located within the geographical limits of the City. All “official towers” currently licensed by the City of Englewood as of the effective date of the ordinance shall comply upon the renewal of their license.
- C. Official towers shall be identified by means of a license which shall be issued hereinafter provided.
- D. From calendar year to calendar year, the list of official towers will remain as is, provided:

- (1) The official tower submits a completed renewal application by November 30th; (any renewal application received after November 30th will be charged an additional \$100 late fee) and
 - (2) The official tower has been and remains in compliance with all requirements of this chapter; and
 - (3) There is no pending administrative or disciplinary action against the official tower by the City.
- E. If an official tower is denied renewal for any reason in this ordinance and seeks subsequent return to the official towers list, the application will be treated as a new application as of the date of receipt of such request.
- F. In addition to the rules and regulations set forth herein, the State of New Jersey, the Federal Government and the Division of Consumer Affairs have further statutes, rules and regulations with regard to towing operation business and the conduct and licensing of operators thereof and all such statutes, rules and regulations must be complied with.

§ 410-3 Services to be furnished; subcontracting; tower responsibilities.

- A. All official towers shall furnish adequate and proper wrecking, towing, storage and emergency repair services to any motor vehicle located within the geographic limits of the City or outside City limits, as requested by an authorized representative of the police department or when requested to do so by an authorized City official. The official tower must be available on a twenty-four-hour-a-day basis, seven days a week, as scheduled by the City.
- B. A maximum response time of **20 minutes** will be expected from each tower called by the Police Dept. If the first called tower fails to respond within the expected response time with the proper equipment to safely and properly complete the task, the next official tower will be called. Failure to respond within the stated response time will be considered a violation of the license, and repeated violations will result in suspension of the official tower license.
- C. The official tower shall provide towing for Police and other City vehicles as requested by an authorized representative of the police department or when requested to do so by an authorized City official.
- D. Official towers are and remain responsible for coverage for all periods for which they are scheduled. Should the scheduled tower require another tower to cover a portion of the assigned schedule, (i) the substitution must be approved in advance by the Officer in Charge ("O.I.C.") of the Police Department Traffic Unit or his designee and (ii) the covering tower must be another licensed City tower. Unauthorized arrangements for coverage may result in the removal of the official tower and/or the alternate tower from the official tower list.

- E. Substitution of towers under the immediately preceding Subsection C is limited to ten per calendar year. Should alternate coverage in excess of ten be required, the requesting official tower will be removed from the City's official tower list.
- F. Official towers are limited to no more than three missed tows during a calendar year. A missed tow in excess of the this number will constitute a ground for removal from the official tower list for the remainder of the calendar year or such other period determined in the sole discretion of the City.
- G. The official tower shall be responsible for removing all solid and sweepable debris resulting from a motor vehicle crash.
- H. When requested either verbally or in writing by the Police Department, the official tower shall be responsible for the preservation of evidence.
- I. The official tower shall comply with all state and federal laws and regulations concerning wages, hours and terms of employment.
- J. The official tower will be required to file an employment nondiscrimination statement.
- K. The official tower will be required to establish and display to the public procedures for notification of vehicle owners regarding storage fees and removal of vehicles from storage.
- L. The official tower will be responsible for all fees associated with the issuance of junk and resale titles. Additionally, any official tower participating in an authorized public auction of City towed vehicles, shall be responsible for all costs associated with the mandatory public notice. In situations where more than one official tower is participating in the auction, the cost will be equally divided.

§ 410-4 Application Process.

A. Application

(1) Applications for inclusion on the official tower list shall be made upon a form provided by the City Clerk and shall consist of an original and two true copies, containing the following information:

(a) The complete name of the applicant (including the complete corporate and any "doing business" names)

(b) The residence and any other business address and telephone numbers, including cell phone numbers, of the owner or the applicant. If the applicant or the owner is a corporation, the application shall contain the name, residence and business address, and telephone number of every stockholder
