

The Time Is Now! Englewood Recycle!

Great news! Englewood recycles ALL types of plastic, aluminum and glass – and you don't have to separate them. Although most of these items fall into one of seven recycling categories, not all are marked with numbers. Now they can all be placed in ONE container on recycling day. So go ahead. Put it in the bin. **The Time Is Now!**

www.cityofenglewood.org for more information and recycling calendar

**Keep the items listed below OUT of our garbage!
Why? Recycling makes cents.**

Please rinse and remove caps and lids from bottles and jars, and recycle them all together in the bin!
