<b>Paid or Charged (Including Reserve for Uncollected Taxes)</b>	49,669,280	88						
<b>Reserved</b>	3,594,696	79						
<b>Unexpended Balances Cancelled</b>	56,599	72						
<b>Total Expenditures and Unexpended Balances Cancelled</b>	49,725,880	60						
<b>Overexpenditures *</b>	-							

\* See Budget Appropriation Items so marked to the right of column "Expended 2007 Reserved."

#### Explanations of Appropriations for "Other Expenses"

The amounts appropriated under the title of "Other Expenses" are for operating costs other than "Salaries & Wages".

Some of the items included in "Other Expenses" are:

Materials, supplies and non - bondable equipment;  
Repairs and maintenance of buildings, equipment, roads, etc.,

Contractual services for garbage and trash removal, fire hydrant service, aid to volunteer fire companies, etc.:

Printing and advertising, utility services, insurance and many other items essential to the services rendered by municipal government

BUDGET MESSAGE

Attached is the Preliminary Budget for the City of Englewood for the calendar year 2008

Overall this is a "walk in place" budget that continues most current operations but postpones some of the many needs of the City to future years. As a general premise, there are no new programs nor activities; although there are some initiatives to reorganize Public Works operations and to establish a fee based recreation program (more information is provided below).

The Preliminary Budget is significantly higher in 2008 than in 2007 for many reasons. The following is a net back analysis to compare the two documents:

	<u>2007</u>	<u>2008</u>
Total	53,320,577	57,804,633
Increase		+ 4,484,056 or 8.4%
Grants	510,296	82,778
Net Budget	52,810,281	57,721,855
Major Changes		
Reserve for uncollected taxes		-791,357
Reserve for tax appeals		-550,000
Increase in PFRS		-1,148,089
Increase in Sewage Charges		-255,016
"Comparable budget"	52,810,281	54,977,393
Increase		+ 2,167,112 or 4.1%

The Grant budget varies each year depending upon the date of the grant receipt as well as the programs being offered.

One of the biggest financial impacts on the 2008 budget is the tax appeals currently before the Tax Court. The budget reflects the two impacts: A Reserve for Tax Appeals representing taxes paid in 2007 that may have to be returned. In addition, the Reserve for Uncollected Taxes had to be increased to provide funds for any appeals granted in 2007 that will be uncollectible in 2008. This is not an unusual occurrence in any municipality that is in the second year after a revaluation. The number of tax appeals filed and their probably resolution is not unusual.

As for the increase in pension costs, the biggest part is for the Police and Fire Retirement system and represents part of the refinancing of the system as a result of state policies on the funding of accrued unfunded liabilities. These costs will remain at this (or higher) levels for the future. The same can be said for the sewage treatment charges: locally there is very little control over the cost.

In the operational budgets, salaries are increasing at 4 & ½% percent representing negotiated (or anticipated) labor settlements in the 3 and ½ to 4 percent range and the pre-established in grade steps. The budget does not provide for any additional full time employees; it continues the vacancies that were not funded in 2007. The only changes are recommendations to increase the number of fire department lieutenants by 4 (without any increase in the overall fire department manpower schedule) in order to improve better fire scene supervision (and reducing official recall time) and a realignment of Public Works personnel.

In the Public Works Department the budget anticipates the elimination of the rear yard refuse collection service and the reassignment of these employees to shade tree, parks and street maintenance activities. Although this reassignment does not change the salary budget, it does reduce contract operations that occurred in the past or were recommended for 2008 in order to address some service deficits. There is no staff changes proposed and police and fire are budgeted at the 2007 levels.

The Recreation Budget anticipates the expansion of their fee based program for most activities in an effort to reduce the impact on the tax rate. The Library Budget has been increased to include the indirect costs that were previously included elsewhere in the City budget; however their operational costs remain relatively stable.

Debt service has increased slightly (\$76,000 +/-) (there was a decrease due to the non renewal of one Bond Anticipation Note). However the impact of the Route 4 Access Road special improvement debt and the debt of the Lincoln and Liberty School purchases has a very significant impact on the overall budget. Information on this is contained in the Debt Management Plan presented to the City Council on December 10, 2007

Information on the Capital Budget is included in the introductory statement for that section of this report.

EXPENDITURE CAP LIMITS

Due to the large added and partial assessments included in the 2008 assessed valuation data (there is an increase in the appropriation limit reflecting new revenues generated by the assessment changes), the City appropriation budget is within the state mandated 2 & 1/2% cap limit, as adjusted.

REVENUES

Surplus - The City's cash surplus position as of the end of 2007 is very favorable. The Budget uses \$5,000,000 of the available balance leaving as "working capital" \$690,626.

State Revenues - pursuant to the Governor's Recommended budget, the Preliminary Budget shows a "loss" of State aid of \$303,593.

Local Revenues - Normal budget projections are used with the exception of parking meter fines and Parking Garage revenues. Parking Meter revenues are projected at close to the maximum since with the initiation of the new meters and increase in enforcement activity, 2008 should result in a higher collection than 2007. In the same context, the maximum allowable is used for the Parking Garage under the premise that the proposed change in lease operations will result in significantly higher revenues in 2009.

Tax Revenues

The property tax ratable base for 2008 is projected to be \$5,212,694,600 versus \$4,982,474,400 in 2007. The following is a chart of anticipated tax requirements

	<u>2007</u>	<u>2008</u>
City financed School debt	371,028	355,590
BCUA Sewage Fees	2,386,978	2,641,994
Municipal Operations and Debt	36,189,172	40,996,361
Board of Education	44,212,899	45,570,401
Bergen County Operations & Debt	<u>8,596,284</u>	<u>9,500,000</u>
Total	91,756,361	99,064,346
Projected tax rate per \$100 of value	1.841	1.90 + 3.2%

PROPERTY TAX LEVY CAP - there is a new state requirement that caps property tax levy increases to 4% with certain modifications (e.g. an waiver for pension increases). Again due to the large added and partial assessments, plus the allowable waiver, the City is in compliance.

NOTE :

MANDATORY MINIMUM BUDGET MESSAGE MUST INCLUDE A SUMMARY OF :

1. HOW THE "CAP" WAS CALCULATED. ( Explain in words what the "CAP" mean and show the figures. )
2. A SUMMARY BY FUNCTION OF THE APPROPRIATIONS THAT ARE SPREAD AMONG MORE THAN ONE OFFICIAL LINE ITEM (e.g. if Police S & W appears in a regular section and also under "Operations Excluded from "CAPS" section, combine the figures for purpose of citizen understanding. If you are requesting a "CAP Waiver", this should also be included in this section.)

EXPLANATORY STATEMENT - (Continued)

April 8, 2008

**BUDGET MESSAGE**

<b>I. City of Englewood 2008 Budget CAP Calculation</b>  The State of New Jersey enacted several changes to the Budget CAP Law in the year 2005. The changes imposed new spending limits on municipal budgets and amended certain CAP exceptions, the index rate and available "banking" among other things. One of the changes permits municipalities to increase its appropriations subject to the CAP to 2.5%. . Notwithstanding this provision, the City will be vigilant in controlling and monitoring spending levels in all departments.  The Following is the City of Englewood's 2008 budget "CAP" calculation: <table style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <tr> <td style="width: 80%;">1. **BUDGET MESSAGE**

<p><u>I. City of Englewood 2008 Levy CAP Calculation</u></p> <p>Beginning In 2007, with state fiscal year budgets, a tax levy cap was established limiting the amount in which the levy could increase based on the prior year levy. This levy cap is in addition to the appropriation CAP limit. The cap is based on a 4.0% maximum increase from the prior year tax levy and then modified as a result of various adjustments, waiver requests and additional ratables from new construction.</p> <p>The Following is the City of Englewood's 2008 levy "CAP" calculation:</p>		<p>3. Additions:</p> <p style="padding-left: 20px;">New Ratable Adjustment to Levy <span style="float: right;">1,965,349</span></p> <hr/> <p>4. **NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM**

**April 8, 2009**

**Capital Plan: 2008-2013**

Attached is the Capital Plan for 2008 through 2013. The first year of the Capital Plan, 2008, constitutes the Capital Budget for the City whereas the subsequent years represent a planning document outlining the infrastructure needs of the City prioritized by year with a recommended funding mechanism for each item.

The Capital Budget for 2008 is implemented through one of the following mechanisms: 1. A bond ordinance appropriating funds for specific projects with this debt being paid over the life of the issued bonds; 2. An appropriation using existing funds available in the Capital Fund; or 3. A specific line item in the Capital Portion of the Annual Budget. Consequently Projects listed in this Capital Plan require a separate funding mechanism to go forward.

In many respects, the Capital Plan is the most important document that a governing body considers each year. It is the primary tool available to the elected officials to determine the future needs of the municipality and how they can address these needs in a manner that reflects the financial realities of the municipality. It is through the review of these capital needs that the elected officials establish the direction that the municipality is to follow for the next 5 years as well as give the staff guidance in what the elected determine to be the municipality's fiscal priorities.

The Capital Plan is meant to be inclusive. It is meant to identify all of the needs to be addressed. It is meant to be a scheduling and planning tool and not necessarily a fiscal document. Consequently normally the first year estimates should be fairly accurate; the second year projections should be reasonable but years 3 and onward can be estimates based upon cost inflation assumptions. However in these later years the projects are listed for scheduling and policy reasons.

For 2008 it is recommended that the highest priority be assigned to the maintenance and usability of existing facilities, particularly in reference to HVAC deficiencies that currently exist. The second priority is the completion of the Route 4 Access road to fulfill commitments that the City made to complement ongoing private sector development activities. The City has established target debt limitation goals based upon the debt impact on the annual budget. The third priority for funding is infrastructure improvements and equipment replacements that can be financed within this target debt cap.
