The Chief Financial Officer of the City is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchaser thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer of the City is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this bond ordinance is made. SECTION 6. The City hereby certifies that it has adopted a capital budget or a temporary capital budget, as applicable, for the City. The capital or temporary capital budget of the City is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. To the extent that the purposes authorized herein are inconsistent with the adopted capital or temporary capital budget of the City, a revised capital or temporary capital budget for the City has been filed with the Division of Local Government Services.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not current expenses and are improvements or purposes which the City may

lawfully undertake as general improvements or purposes, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The average period of usefulness of said improvements or purposes within the limitations of said Local Bond Law, according to the reasonable life thereof computed from the date of the said bonds authorized by this bond ordinance, is 12.82 years.

(c) The supplemental debt statement required by the Local Bond Law has been duly made and filed in the Office of the Clerk of the City and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services, New Jersey Department of Community Affairs, and such statement shows that the gross debt of the City as defined in the Local Bond Law is increased by the authorization of the bonds or notes provided for in this bond ordinance by \$5,595,334 and the said obligations authorized by this bond ordinance will be within all debt limitations prescribed by said Local Bond Law.

(d) An aggregate amount not exceeding \$1,500,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost indicated herein for the improvements or purposes herein before described.

SECTION 8. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the City, and the City shall be obligated to levy *ad valorem* taxes upon all the taxable property within the City for the payment of the obligations and the interest thereon without limitation as to rate or amount.

SECTION 9. The City reasonably expects to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof and paid prior to the issuance of any bonds or notes authorized by this bond ordinance with the proceeds of such bonds or notes. This Section 9 is intended to be and hereby is a declaration of the City's official intent to reimburse any expenditures toward the costs of the

improvements or purposes described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations §150-2. No reimbursement allocation will employ an “abusive arbitrage device” under Treasury Regulations §1.148-10 to avoid the arbitrage restrictions or to avoid the restrictions under Sections 142 through 147, inclusive, of the Internal Revenue Code of 1986, as amended (the “Code”). The proceeds of any bonds or notes authorized by this bond ordinance used to reimburse the City for costs of the improvements or purposes described in Section 3 hereof, or funds corresponding to such amounts, will not be used in a manner that results in the creation of “replacement proceeds”, including “sinking funds”, “pledged funds” or funds subject to a “negative pledge” (as such terms are defined in Treasury Regulations §1.148-1), of any bonds or notes authorized by this bond ordinance or another issue of debt obligations of the City, other than amounts deposited into a “bona fide debt service fund” (as defined in Treasury Regulations §1.148-1). The bonds or notes authorized herein to reimburse the City for any expenditures toward the costs of the improvements or purposes described in Section 3 hereof will be issued in an amount not to exceed \$5,595,334. The costs to be reimbursed with the proceeds of the bonds or notes authorized herein will be “capital expenditures” in accordance with the meaning of Section 150 of the Code. All reimbursement allocations will occur not later than 18 months after the later of (i) the date the expenditure from a source other than any bonds or notes authorized by this bond ordinance is paid, or (ii) the date the improvement or purpose described in Section 3 hereof is “placed in service” (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than three years after the expenditure is paid.

SECTION 10. The City covenants to maintain the exclusion from gross income under section 103(a) of the Code of the interest on all bonds and notes issued under this bond ordinance.

SECTION 11. The Chief Financial Officer of the City is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the City, which are authorized herein, and to execute such disclosure document on behalf of the City. The Chief Financial Officer of the City is further authorized to enter into an appropriate undertaking to provide secondary market disclosure on behalf of the City pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the City, which are authorized herein, and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the City fails to comply with its undertaking, the City shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

SECTION 12. This bond ordinance shall take effect twenty (20) days after the first publication hereof after final adoption and approval by the Mayor, as provided by the Local Bond Law.”
